I believe this should be private between the parents and the doc.

Do you support legislation making clear that the state of Idaho has a vested interest in protecting the life of an unborn child?

If it is the law child support should start at conception.

## 2022 IFPC CANDIDATE QUESTIONNAIRE

Do you support legislation that holds educators and school districts accountable for indoctrinating students with critical race theory and/or gender ideology?

- Yes
- No
- Don't know

We need to be exploring these issues through art: paintings, literature, music. It's all there and it's been documented for thousands of years.

Do you support legislation that makes sexual education opt-in rather than opt-out?

- Yes
- No
- Don't know

Over 90% of children who are sexually abused know and trusted the perpetrator. I also only believe the mechanics of sex should be taught.

Do you support legislation that prohibits access to pornographic and obscene material for minor children in schools and public libraries?

- Yes
- No
- Don't know

Read the Bible. It's all there. I don't believe lewd material is being distributed at ANY school libraries in Idaho.

Do you support legislation that codifies parental rights in their children's education, such as the right to visit their child's learning environment, the right to inspect and review curriculum and lesson plans in their child's classes, and the authority to make decisions regarding masks and vaccines?

- Yes
- No
- Don't know

I'm 100% against masks and forced vaccinations. Parents should review the curriculum but I don't believe it's someone's right to disrupt classroom time.

## 2022 IFPC CANDIDATE QUESTIONNAIRE

Do you support legislation that requires students and others to use the school bathroom and locker room consistent with their biological sex at birth?

- Yes
- No
- Don't know

Leave it to the schools discretion. Also put down your torches and pitchforks.

Do you support legislation that protects traditional, biblical marriage between one man and one woman?

- Yes
- No
- Don't know

Government shouldn't be involved in marriage and I don't think clergy should be forced to marry people if they don't want to. I think love is love and most bigots need to watch their own bobbers.

Do you support legislation that prohibits displays of indecency, such as drag queen exhibitions in public places like parks and libraries, when minors are present?

- Yes
- No
- Don't know

I believe women should be able to breast feed openly. I'm also against prejudice against women over 50. I believe drag shows are an inappropriate activity.

On a scale from 1 to 10, where 1 means not at all important and 10 means the most important, how important do you consider social issues to be in your role as an elected official?

1    2    3    4    5    6    7    8    9    10
