

PETITION: Designate the Charlie Kirk Memorial Highway

Charlie Kirk was a Christian, husband, and father who dedicated his life to restoring the Founding Fathers' vision of America. The student organization that he created - Turning Point USA - has inspired millions of high school and college students to follow his lead by engaging in civil discourse and advancing biblical faith in culture.

Charlie Kirk was martyred on September 10, 2025, while sharing his faith and political views with a gathering of Utah university students. A free and ordered society ought never to tolerate political violence as a response to the Christian faith or constitutionally protected public debate.

In the wake of this tragedy, Idaho should reaffirm its commitment to promoting free speech - especially political and religious speech - and ensure our state remains a place where Christian principles can be proclaimed without the threat of violence.

Therefore, we call upon the Idaho Legislature to designate Highway 16 as the "Charlie Kirk Memorial Highway" to honor the legacy of Charlie Kirk and the values he represented.
